And What Have You

By BOB CRAIG

Almost every day you can pick up a newspaper or listen to a TV newscast and read or hear where someone is opposed to spending money for the space program or the Vietnam war and urges that we channel all of this money into solving all of the ills at home — poverty, civil rights, etc.

All of this always seems to sound great but it just never works.

The government, by its very bureaucratic nature, just never seems to make much progress fighting poverty or anything else — it cannot even seem to do a very good job of fighting wars anymore.

Someone the other day suggested that the government should try out all of its new programs on a small scale and see if they will work before putting them into practice for the whole country.

Maybe this would help. It is obvious that what we are doing is not working too well as the following example of a project in Del Rio points out rather clearly.

Using a grant of \$32,300 in federal funds, the local anti-poverty agency plans to select 50 families qualifying as poor. Each of the families will receive 10 pullets and one rooster to set up 50 little chicken businesses.

Ten percent of their chicks and eggs will go into a community bank to be distributed among other low-income families in the Del Rio area.

Now comes the catch.

These little businesses need a director at \$6,500 a year, a receptionist-typist at \$3,500 a year, a home demonstration assistant at \$3,840, and four liaison workers at \$3,600. This will mean that each of those initial chickens and roosters will cost the taxpayers in administrative costs and overhead the sum of \$51.00. This is arrived at by dividing 550 chickens into \$28,240, the administrative cost of the program, the answer is \$51 per chicken.

It will take a mighty high powered chicken to sell for a profit at that cost.

Omar Burleson points out another typical example of bureaucracy in action in his newsletter this week:

"Some time ago a certain city hired a consultant firm to make a survey on which to base an application for Federal funds for urban renewal. The report cost \$12,000 in municipal tax money and it appears not to contain much more than could have been gathered by looking out the window of a ten-story building.

"The document contains all the bureaucratic references dearly loved by those to whom it is directed. Someone in Washington will nod over it approvingly, throw it on a stack where it will remain until the Congressman from the area calls up and wants to know what the heck happened to it.

"What it essentially says is 'the core area of the city is suffering from disinvestment and needs to be looked at in the broad picture. If prompt actions are implemented within the suggested parameters, meaningful and relevant objectives may be finalized. 'This is for 12,000 bucks!'

As another publisher says, "the poverty fighters may not have found a cure for poverty, but they are finding a cure for wealth."

There has been some confusion as to just who has to post a sign announcing the availability of base price information. At first, every merchant was supposed to post such a sign but then it was changed to those doing over \$100,000 in sales volume.

The latest bulletin we have from the Internal Revenue Service is that all retailers doing over \$100,000 a year "are required to post at least one sign (minimum 22" by 28") announcing the availability of base price information and must make such in-

Riding Club Makes Plans For Barbecue

Members of the Hamlin Riding Club met Monday at the local arena and made plans for a barbecue and play day, a clean up day and urged all members to pay their dues.

Billy Don Cooper, president, presided.

A barbecue and play day will be held in April and details will be worked out later.

The clean-up day was set for this Sunday and all members who can be asked to participate.

All unpaid dues should be paid immediately, the group said. Also, any prospective members are welcome to join the organization.

Date for the next meeting will be announced later, Cooper said.

Sets Meeting

Hamlin Little League will meet at 7:30 p.m. Tuesday at the primary cafeteria to organize and elect officers for the current season.

Parents only are urged to attend. Eddie Offield, president, will preside.

HIGH SCHOOL VISITORS — Mrs. Janie Cork and her children, Janice, Jackie and Lois, visit with Ronald Tiner in the physical science department of Hamlin High School during open house activities Tuesday evening. The young students are looking at lye soap and bricks made by the high school class last semester.

DUE HERE FOR CONCERT MONDAY — "The Re'Generation," a popular singing group, will be appearing here in concert Monday evening at 7:30 in the high school cafeteria. The group has produced three stereo albums and will soon be releasing a fourth. The public is invited. There will be no charge for tickets but an offering will be taken to go entirely to the singing group. Their appearance is sponsored locally by the Ministerial Alliance.

'The Re'generation' Group To Give Concert Monday

"The Re'generation," an exciting and expressive new musical group, will be appearing in concert at Hamlin High School Cafeteria Monday at 7:30 p.m.

Ten super-talented collegians, selected from over 1,000 auditions nationwide, have blended their abilities into an effective and provocative communicating force. Each group member spent many hours of personal study rehearsal and personality development in preparing for this tour. All of "The Re'Generation" have been recognized as outstanding musicians in high school and college.

This year the group will share their musical presentation in 45 states, traveling over 50,000 miles. Now on their second 10 month tour, the group has performed before 120,000 people in more than 500 appearances.

The group's musical style is smooth and soft, and covers a broad range of selections from the traditional to the contemporary. Solos and the lush eight part choral sound blends with the full orchestration recorded in London.

Mrs. Mabel Travis of Nocona visited in the home of Mr. and Mrs. Frank Legan Saturday and Sunday. A former nurse here, she is still a member of the local LVNA.

Derrick Johnson, developer of the group, arranges all the group's music. He personally has written over 70 songs, done extensive musical arranging and produced numerous albums along with his nearly 14 years in a successful church music ministry.

Ron Coker, director, has travelled with the "Re'Generation" since its inception in the summer of 1970. The local appearance of the group, who have been among

the most requested religious programs for the last two years, will be sponsored by the Hamlin Ministerial Alliance.

There is no admission charge but an offering will be taken that will go entirely to the "Re'Generation" group.

The young people will be staying in the homes of local church members. They will arrive in Hamlin Monday afternoon and will leave Tuesday morning.

Everyone is invited.

Rev. Harold Fleming of Levelland, former pastor of Central Baptist Church, and Rev. Bryon Bryant of Abilene officiated. Burial was in Hamlin East Cemetery.

Mr. Wallace was born Apr. 22, 1897, in Alabama.

He married the former Lota Morris in Stephenville. She died in 1930. He married Maurice Galloway in Breckenridge in 1935.

Wallace of Abilene, Dewight Wallace of Richardson and David Wallace of San Antonio; four daughters, Mrs. Tommy Mixon of San Antonio, Mrs. Joe Black and Mrs. John Corley, both of Abilene, and Mrs. Allen Loo of Honolulu, Hawaii; two brothers, Noah Wallace of Roby and Obie Wallace of Sweetwater; 10 grandchildren and three great-grandchildren.

Friday Is Final Day for Farm Program Sign-up

With the March 10 deadline nearing for sign-up in the 1972 feed grain, wheat, and cotton programs, some 200 to 300 more farmers are expected in the Jones County Agricultural Stabilization and Conservation Service (ASCS) Office for enrollment during the final days.

Through March 5, approximately 1075 producers in Jones County had signed up for participation in one or more of the set-aside programs offered in 1972, according to R. B. Rowland, County Executive Director.

"We've been recording about

150 sign-ups per day, but we expect that average to climb sharply during the last few days of sign-up," he said. Total participation in Jones County is expected to number about 1700 farms.

Farmers have been waiting to sign up early each day, he reported, starting at 8:00 a.m. when the local ASCS office opens. The office closes at 5:00 p.m., and Mr. Rowland said that any producer who is in the office before closing time will be enrolled on a register that day if he cannot be signed up. There will be no extension of the sign-up date.

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

"Casting all your care upon him, for he careth for you." I Peter 5:7

"And the crooked shall be made straight, and the rough places plain." Isaiah 40:4b.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
